Step 3: Create the WHATSApp video call and tap the registration button from this window. Step 4: Visit your WhatsApp, choose what you want to call and registration will occur by itself. Step 1: Visit Settings> Control Center> Customize the controls to reach the page where you need to touch A € á, ~ – + Á, â ª "e for registration. Once you have added the desired contacts, touch the video call button in the upper right corner of the screen. Step 1: Download the Recorder app from Google Play Store. Enjoy registration! Whatsapp is more well known as an instant messaging platform, but the popular app can also be used to make video calls. This allows you to add up to seven contacts to the group call (obviously these must be contacts that use whatsapp). Group video calls that make a group video call on whatsapp is very similar to creating a normal video call, although there is an important breakthrough. All you need to do now is to make the video call Whatsapp, touch the record icon and let the video be recorded. It is interesting to note that a separate WHATSAPP video call recorder is required if you use iOS 11, 12 or more. When in a video call, just touch the Add Participant icon in the upper right corner of the screen (tap in the center of the screen if I don't see it at the beginning). Step 2: Scroll up from the lower part of the screen to reach the control center. Take it close when video call is performed. 2. All you have to do is get ... 1. The first expects to go to the chat card and the second involves going to calls. This allows you to choose a contact to add. A found a new contact, tap Add.Á 'Editors Recommendations The pop-up chiederÁ Á âŸ Á"Screen RecordingÁÁ". Now wait for your callee to recover. Step 3: here, Á you need to choose the record icon + microphone (to record audio). Finally, you can also create group video calls on the fly, adding more people' to continuous call. Because the screen recording functions come with the phone now! And you can² do everything without the jail breaking your iPhone. The settings are ready. If you have an existing WhatsApp group that Áyou would like to call, you can go to the Chat tab and tap the chat with the desired group. Here is a list of the best applications to block... Step 2: Reach the widget screen and visit the widget settings. It refers to making a video call in WhatsApp and also making a group video call. Once in Calls, tap the New Call icon (it looks like a phone receiver with a plusA¹ sign next to it), which ÁAyou will find in the top right corner on iOS and in the bottom right corner on Android. The call will come automatically registered. Pressing the New Call icon will display your contacts. Fortunately this Á¹ now possible through the integrated and use various WhatsApp call recorder applications. That said, it may not be immediately obvious how you can¹ make a video call in WhatsApp, so this article explains what you need to do. The article covers both iOS and Android. No worries, applications like DU Recorder and AZ Screen Recorder are fruitful in completing your needs. From there, Á¹ just touch the video call icon as normal. Step 1: Download the AZ screen registration app from the Google Play Store, to get started. When the call is complete, Á¹ you can touch the same icon again that will stop registration. Step 5: During time or after you have finished the call, stop the process by clicking the red bar above. We are highlighting two of the best WhatsApp call recorders to alleviate your situation. OnceÁentered the chat with the desired contact, tap Video call in the upper right corner of the screen (looks like a video camera). AZ Screen Recorder To use the app correctly, follow the next process. Alternatively, if á € ¸ Create a new video call group, you need to go to the call card. Then touch a new group call. Go through the article the article and choose the method that fits your phone and its condition very well. In this case you have to take advantage of the help of a third-party app. You could get a bit disappointed here as Android does not offer any integrated screen recorder with which WHATSAPP video calls can be recorded. Here is the Chats method, which is recommended to call people who have already been added called / chatted with on whatsapp. Touch the new call icon (again, top right in iOS, at the bottom right in Android). If you want to video call a person or group of people, whatsapp makes it easy to do both. easy.
